

Tour Theme: Sustainable Practices (Grades 3 to 5)

Post-Activity #1 Now That You Know

After visiting the Springs Preserve the students will be knowledgeable on ways to protect our Earth.

Students will divide into small groups and design a public service announcement that they will present to the class.

What do YOU think people can do to help end global warming?
Here are some topics to choose from:

- Recycling
- Reducing
- Composting
- Solar Energy
- Wind Energy
- Landfills
- Alternative Fuels
- Reusing
- Rain Harvesting
- Buying Locally
