

## Theme: Sustainable Practices (Grades K to 2)

### Post-Visit Activity #2

#### Eco Home

##### Materials:

Magazines

Newspapers

Buttons

Jars

Cans

Bottles

Colored Pencils, Crayons

And anything else you can think of

Glue

Scissors

##### Instructions:

1. Divide students into small groups.
2. Provide each group with select materials, so that each group has a different set of materials.
3. Brainstorm facts about the Sustainable House at the Springs Preserve.
4. Have students design their own sustainable house with the materials provided.
5. Each group presents their house to the class explaining how it is sustainable.
