

This event is presented by *Cirque du Soleil* in partnership with the Springs Preserve.

All proceeds support the Springs Preserve and *Cirque du Soleil* Foundations.

At *Cirque du Soleil*, our commitment goes beyond the performance. We aim to positively impact people, communities and the planet with what we know best: creativity and art. In Las Vegas, our Arts Nomades program offers a pedagogical approach based on a partnership in a school setting. It features a team of teaching artists working in tandem with teachers who wish to use the arts in support of academic concepts. Together, they coordinate art workshops that provide a creative space in which to explore new areas of interest and acquire skills at an artistic, personal and social level.

The Springs Preserve is a 180-acre national historic site that is the original oasis of Las Vegas and a beacon for a sustainable future. Located three miles from the Strip, the Springs Preserve offers indoor and outdoor experiences that enrich, educate and entertain visitors of all ages. Indoor experiences include exhibition galleries dedicated to showcasing art of local and national significance, on-site technologically advanced learning centers, interactive museum exhibits and an immersive theater experience. Outdoor experiences include an 8-acre botanical garden, walking trails to historical structures and restored wetlands, live desert wildlife exhibits, a child's play area, and an 1,800-seat amphitheater. Celebrating the diversity of Las Vegas culture, the Springs Preserve offers events and educational programming that enhance every season of life in the Mojave Desert. Award-winning LEED Platinum architecture and water-smart desert landscaping highlight the Springs Preserve's dedication to sustainability.
