Crossroads Trail

Field Trip Mini Book

WELCOME EXPLORERS!

- Use this map to help guide you through our trails where you'll see native flora (plants) and fauna (animals).
- Practice safety while walking the trails by staying on marked pathways, observing wildlife from a respectful distance, drinking water, and staying with your group.

- Use this space to draw and label the trails, plants, animals and/or structures you see. You can also record what you observe.
- Nature journaling helps you remember what you've seen, keeps you present, and helps the environment by only taking memories.
